Subject: Notice of Data <<Security Incident/Breach>>

Dear <<First Name>> <<Last Name>>,

I am writing to provide you with formal notice of the data security incident that may have involved your personal information. Davlyn Investments (“Davlyn”) takes the privacy and security of personal information very seriously. This letter provides steps you can take to protect your information, including enrolling in the complimentary credit monitoring and identity protection services we are making available to you.

**What Happened?** On December 25, 2023, Davlyn learned of unusual activity involving certain systems in our network. Upon discovering this activity, our managed services team took immediate steps to secure our network. We also engaged a team of leading external cybersecurity experts to assist in our response and conduct an investigation to determine what happened and what information may have been involved. In early January, our investigation revealed that certain Davlyn data may have been accessed or acquired without authorization in connection with the incident. We thereafter took steps to provide notification to all potentially affected individuals.

**What Information Was Involved?** The potentially affected information includes your name and Social Security number.

**What Are We Doing?** As soon as we discovered this incident, we took the steps described above. We have also implemented additional safeguards to help ensure the security of our network environment and to reduce the risk of a similar incident occurring in the future.

Additionally, to help relieve concerns and to help protect your information following this incident, Davlyn is offering complimentary credit monitoring and identity protection services through IDX, a data breach and recovery services expert. The IDX services include credit and CyberScan monitoring, a \$1,000,000 insurance reimbursement policy, and fully managed identity theft recovery services. If you have not already enrolled in the IDX services, we encourage you to do so using the code provided above. The deadline to enroll is May 14, 2024.

**What Can You Do?** If you have not already done so, we recommend that you activate your complimentary IDX services by calling 1-800-939-4170, going to <https://app.idx.us/account-creation/protect>, or scanning the QR image and using the Enrollment Code provided above. ## Steps You Can Take to Protect Your Personal Information

**Review Your Account Statements and Notify Law Enforcement of Suspicious Activity:** As a precautionary measure, we recommend that you remain vigilant by reviewing your account statements and credit reports closely. If you detect any suspicious activity on an account, you should promptly notify the financial institution or company with which the account is maintained. You also should promptly report any fraudulent activity or any suspected incidence of identity theft to proper law enforcement authorities, your state attorney general, and/or the Federal Trade Commission (FTC).

**Copy of Credit Report:** You may obtain a free copy of your credit report from each of the three major credit reporting agencies once every 12 months by visiting <http://www.annualcreditreport.com/>, calling toll-free 1-877-322-8228, or by completing an Annual Credit Report Request Form and mailing it to Annual Credit Report Request Service, P.O. Box 105281, Atlanta, GA 30348. You also can contact one of the following three national credit reporting agencies:

**Equifax**

Atlanta, GA 30348  
1-800-525-6285

**Fraud Alert:** You may want to consider placing a fraud alert on your credit report. An initial fraud alert is free and will stay on your credit file for at least one year. The alert informs creditors of possible fraudulent activity within your report and requests that the creditor contact you prior to establishing any accounts in your name. To place a fraud alert on your credit report, contact any of the three credit reporting agencies identified above. Additional information is available at <http://www.annualcreditreport.com>.

**Security Freeze:** You have the right to put a security freeze on your credit file for up to one year at no cost. This will prevent new credit from being opened in your name without the use of a PIN number that is issued to you when you initiate the freeze. A security freeze is designed to prevent potential creditors from accessing your credit report without your consent. As a result, using a security freeze may interfere with or delay your ability to obtain credit. You must separately place a security freeze on your credit file with each credit reporting agency. In order to place a security freeze, you may be required to provide the consumer reporting agency with information that identifies you including your full name, Social Security number, date of birth, current and previous addresses, a copy of your state-issued identification card, and a recent utility bill, bank statement or insurance statement.

**Additional Free Resources:** You can obtain information from the consumer reporting agencies, the FTC, or from your respective state Attorney General about fraud alerts, security freezes, and steps you can take toward preventing identity theft. You may report suspected identity theft to local law enforcement, including to the FTC or to the Attorney General in your state.
