Re: Notice of Data Event

To Whom It May Concern:

We represent Fourteen Foods located at 1431 Perrone Way, Franklin, Tennessee 37069, and are writing to notify your office of an incident that may affect the security of certain personal information relating to five (5) New Hampshire residents. This notice will be supplemented with any new significant facts learned subsequent to its submission. By providing this notice, Fourteen Foods does not waive any rights or defenses regarding the applicability of New Hampshire law, the applicability of the New Hampshire data event notification statute, or personal jurisdiction.

Nature of the Data Event

On or about February 23, 2026, Fourteen Foods was alerted to suspicious activity in its environment. Upon learning of the activity, Fourteen Foods took prompt containment actions, including isolating relevant systems and initiating an investigation to understand the nature and scope of the suspicious activity. The investigation determined that an unauthorized third party accessed Fourteen Foods' environment between February 19, 2026, and February 25, 2026, and copied certain files from its network. Fourteen Foods then conducted a detailed review of the files to determine what information they contain and to whom the information belongs. On September 10, 2026, Fourteen Foods completed its review and efforts to identify address information so Fourteen Foods could provide notice.

The information that could have been subject to unauthorized access includes name and Social Security number.

Notice to New Hampshire Residents

On or about October 22, 2026, Fourteen Foods provided written notice of this incident to five (5) New Hampshire residents. Written notice is being provided in substantially the same form as the letter attached here as ***Exhibit A***.

Other Steps Taken and To Be Taken

Upon discovering the event, Fourteen Foods moved quickly to isolate its network, investigate and respond to the incident, assess the security of Fourteen Foods systems, and perform a comprehensive review of the potentially impacted data to identify potentially affected individuals. Further, Fourteen Foods notified federal law enforcement regarding the event. Fourteen Foods is also working to implement additional safeguards and training to its employees. Fourteen Foods is providing access to credit monitoring services for twelve (12) months, through Experian, to individuals whose personal information was potentially affected by this incident, at no cost to these individuals.

Additionally, Fourteen Foods is providing impacted individuals with guidance on how to better protect against identity theft and fraud. Fourteen Foods is providing individuals with information on how to place a fraud alert and security freeze on one's credit file, the contact details for the national consumer reporting agencies, information on how to obtain a free credit report, a reminder to remain vigilant for incidents of fraud and identity theft by reviewing account statements and monitoring free credit reports, and encouragement to contact the Federal Trade Commission, their state Attorney General, and law enforcement to report attempted or actual identity theft and fraud.

Fourteen Foods is providing written notice of this incident to relevant state regulators, as necessary, and to the three major credit reporting agencies, Equifax, Experian, and TransUnion.

Contact Information

Should you have any questions regarding this notification or other aspects of the data security event, please contact us at (267) 930-2297.

Very truly yours,
