**NOTICE OF [Extra3 - Header]**

Dear Sample A. Sample:

Fourteen Foods writes to inform you of an incident that may impact the privacy of information relating to you. This letter provides you with details about the incident, our response, and resources available to you to help protect your information from possible misuse, should you determine it is appropriate to do so.

**What Happened?** On February 23, 2026, Fourteen Foods was alerted to suspicious activity in our environment. Upon learning of the activity, we took prompt containment actions, including isolating relevant systems and initiating an investigation to understand the nature and scope of the suspicious activity. The investigation determined that an unauthorized third party accessed our environment between February 19, 2026, and February 25, 2026, and copied certain files from our network. Fourteen Foods then conducted a detailed review of the files to determine what information they contain and to whom the information belongs. On September 10, 2026, we completed our review and efforts to identify address information so we could provide you with this notice.

**What Information Was Involved?** Our review determined that the relevant data includes your name and the following: [Extral - Data Elements Impacted]. Please note that we are not aware of any attempted identity theft or financial fraud occurring in connection with this incident.

**What We Are Doing.** Fourteen Foods takes this incident and the security of information in our care very seriously. Upon learning of the incident, we quickly isolated our network, initiated an investigation, and performed a detailed review of the potentially impacted data. Additionally, we notified federal law enforcement. We are evaluating additional technical security measures and reviewing existing policies and procedures to limit the chances of a similar incident reoccurring. We are notifying all potentially impacted individuals so they may take steps to best protect their information, should they feel it is appropriate to do so.

As an added precaution, we are offering you immediate access to credit monitoring and identity theft protection services for ## months at no cost to you through Experian. Information regarding these services and instructions on how to enroll can be found in the enclosed *Steps You Can Take to Help Protect Personal Information*. Please note that, due to security restrictions, you must complete the enrollment process yourself as we are not permitted to enroll you in these services.

**What You Can Do.** We encourage you to remain vigilant against incidents of identity theft and fraud by reviewing your account statements and explanation of benefits and monitoring your free credit reports for suspicious activity and to detect errors. You may also review the information contained in this letter, including the information on the complimentary credit monitoring and identity theft protection services we are making available to you.
