

Gastroenterology & Hepatology of Central New York, P.C.
Notice Regarding Data Security Incident

Gastroenterology & Hepatology of Central New York, P.C. is committed to protecting the privacy and security of the personal information in our possession. On or about March 6, 2026, Gastroenterology & Hepatology of Central New York, P.C. experienced a data security incident where an unauthorized party accessed certain systems in our network environment. Upon learning of this issue, we immediately contained the threat, notified local law enforcement and the FBI of the incident, and commenced a prompt and thorough investigation on March 6, 2026.

As part of our investigation, we have been working very closely with external cybersecurity professionals experienced in handling these types of incidents. Following a thorough forensic investigation and extensive file review, it was determined on August 28, 2026, that an unauthorized third-party acquired records containing some personal and/or protected health information on or around March 6, 2026, including full name, date of birth, Social Security number, medical record number, phone number, and address. Please note that not all information was affected for each person.

While we have no indication that there has been any fraud or identity theft as a result of this incident, out of an abundance of caution commencing on September 17, 2026, Gastroenterology & Hepatology of Central New York, P.C. notified individuals whose information was included in the files that may have been accessed and removed by an unauthorized party. Notified individuals have been provided with best practices to protect their information and been offered complimentary credit monitoring.

Gastroenterology & Hepatology of Central New York, P.C. understands the importance of safeguarding personal information. Gastroenterology & Hepatology of Central New York, P.C. remains fully committed to maintaining the privacy of personal information in our possession, and upon learning of the incident Gastroenterology & Hepatology of Central New York, P.C. took immediate action to protect the personal information it maintains. Gastroenterology & Hepatology of Central New York, P.C. continually evaluates and modifies its practices to enhance the security and privacy of personal information and is taking measures to augment its existing cybersecurity practices.

For further questions or additional information regarding this incident, or to determine whether your information was involved, please contact the dedicated toll-free response line at 1-888-780-5190. The response line is available between the hours of 9:00 a.m. to 9:00 p.m. Eastern time, Monday through Friday, excluding holidays.
