Dear <<First Name>> <<Last Name>>:

Harrisburg Medical Center (“HMC”) values and respects the privacy of your information, which is why we are writing to advise you of an incident that may have involved some of your personal information.

What Happened? Upon discovering unusual activity on our computer network on or about December 23, 2022, we promptly began an internal investigation. We also worked with law enforcement and engaged a forensic security firm to investigate and confirm the security of our computer systems. The forensic investigation determined that an unknown third party accessed our systems from December 19, 2022, until December 23, 2022, and may have accessed and acquired certain documents from our systems as a part of the incident.

What Information Was Involved? We conducted a comprehensive review of the relevant documents and on August 24, 2023, determined that they contained your personal information, including your name and Social Security number. The documents may have also included your date of birth and clinical information, such as diagnosis/conditions, lab results, and prescription information. For a limited number of individuals, the documents may have also included health insurance information, driver’s license/state ID number, digital/electronic signature, and/or financial account number.

What We Are Doing. In addition to the actions described above, we have taken steps to reduce the risk of this type of incident occurring in the future, including enhancing our technical security measures. Although we are not aware of any instances of fraud or identity theft involving your information, we are also offering a complimentary one-year membership of Equifax Complete™ Premier. This product helps detect possible misuse of your personal information and provides you with identity protection services focused on immediate identification and resolution of identity theft. Equifax Complete™ Premier is completely free to you, and enrolling in this program will not hurt your credit score. **For more information on identity theft prevention and Equifax Complete™ Premier, including instructions on how to activate your complimentary one-year membership, please see the additional information provided in this letter.**

What You Can Do. While we have no evidence that your personal information has been misused, we encourage you to take advantage of the complimentary credit monitoring included in this letter. You can also find more information on steps to protect yourself against possible identity theft or fraud in the enclosed *Additional Important Information* sheet.

For More Information. We value the trust you place in us to protect your privacy, take our responsibility to safeguard your personal information seriously, and apologize for any inconvenience this incident might cause. For further information and assistance, please call 877-880-1006 from 8 a.m. to 8 p.m. Central, Monday through Friday, excluding holidays.

Sincerely,

A handwritten signature in black ink, appearing to read 'Rodney Smith', with a stylized flourish at the end.

¹The credit scores provided are based on the VantageScore® 3.0 model. For three-bureau VantageScore credit scores, data from Equifax®, Experian®, and TransUnion® are used respectively. Any one-bureau VantageScore uses Equifax data. Third parties use many different types of credit scores and are likely to use a different type of credit score to assess your creditworthiness.

²Credit monitoring from Experian and TransUnion will take several days to begin. ³WebScan searches for your Social Security Number, up to 5 passport numbers, up to 6 bank account numbers, up to 6 credit/debit card numbers, up to 6 email addresses, and up to 10 medical ID numbers. WebScan searches thousands of Internet sites where consumers’ personal information is suspected of being bought and sold, and regularly adds new sites to the list of those it searches. However, the Internet addresses of these suspected Internet trading sites are not published and frequently change, so there is no guarantee that we are able to locate and search every possible Internet site where consumers’ personal information is at risk of being traded. ⁴The Automatic Fraud Alert feature is made available to consumers by Equifax Information Services LLC and fulfilled on its behalf by Equifax Consumer Services LLC. ⁵Locking your Equifax credit report will prevent access to it by certain third parties. Locking your Equifax credit report will not prevent access to your credit report at any other credit reporting agency. Entities that may still have access to your Equifax credit report include: companies like Equifax Global Consumer Solutions, which provide you with access to your credit report or credit score, or monitor your credit report as part of a subscription or similar service; companies that provide you with a copy of your credit report or credit score, upon your request; federal, state and local government agencies and courts in certain circumstances; companies using the information in connection with the underwriting of insurance, or for employment, tenant or background screening purposes; companies that have a current account or relationship with you, and collection agencies acting on behalf of those whom you owe; companies that authenticate a consumer’s identity for purposes other than granting credit, or for investigating or preventing actual or potential fraud; and companies that wish to make pre-approved offers of credit or insurance to you. To opt out of such pre-approved offers, visit www.optoutprescreen.co ⁶The Identity Theft Insurance benefit is underwritten and administered by American Bankers Insurance Company of Florida, an Assurant company, under group or blanket policies issued to Equifax, Inc., or its respective affiliates for the benefit of its Members. Please refer to the actual policies for terms, conditions, and exclusions of coverage. Coverage may not be available in all jurisdictions.

Additional Important Information

As a precautionary measure, we recommend that you remain vigilant to protect against potential fraud and/or identity theft by, among other things, reviewing your account statements and monitoring credit reports closely. If you detect any suspicious activity on an account, you should promptly notify the financial institution or company with which the account is maintained. You should also promptly report any fraudulent activity or any suspected incidents of identity theft to proper law enforcement authorities, including the police and your state's attorney general, as well as the Federal Trade Commission ("FTC").

You may wish to review the tips provided by the FTC on fraud alerts, security/credit freezes and steps you can take to avoid identity theft. For more information and to contact the FTC, please visit www.ftc.gov/idtheft or call 1-877-ID-THEFT (1-877-438-4338). You may also contact the FTC at Federal Trade Commission, 600 Pennsylvania Avenue, NW, Washington, DC 20580.

Credit Reports: You may obtain a free copy of your credit report once every 12 months from each of the three national credit reporting agencies by visiting www.annualcreditreport.com, by calling toll-free 1-877-322-8228, or by completing an Annual Credit Report Request Form and mailing it to Annual Credit Report Request Service, P.O. Box 105281, Atlanta, GA 30348. You can print a copy of the request form at <https://www.annualcreditreport.com/manualRequestForm.action>.

Alternatively, you may elect to purchase a copy of your credit report by contacting one of the three national credit reporting agencies. Contact information for the three national credit reporting agencies for the purpose of requesting a copy of your credit report or for general inquiries is as follows:

Equifax

P.O. Box 2000
Chester, PA 19016

Fraud Alerts: You may want to consider placing a fraud alert on your credit report. A fraud alert is free and will stay on your credit report for one (1) year. The alert informs creditors of possible fraudulent activity within your report and requests that the creditor contact you prior to establishing any new accounts in your name. To place a fraud alert on your credit report, contact any of the three national credit reporting agencies using the contact information listed above. Additional information is available at www.annualcreditreport.com.

Credit and Security Freezes: You may have the right to place a credit freeze, also known as a security freeze, on your credit file, so that no new credit can be opened in your name without the use of a PIN number that is issued to you when you initiate the freeze. A credit freeze can be placed without any charge and is designed to prevent potential credit grantors from accessing your credit report without your consent. If you place a credit freeze, potential creditors and other third parties will not be able to get access to your credit report unless you temporarily lift the freeze. Therefore, using a credit freeze may delay your ability to obtain credit. Unlike a fraud alert, you must separately place a credit freeze on your credit file at each credit reporting company. Since the instructions for how to establish a credit freeze differ from state to state, please contact the three major credit reporting companies as specified below to find out more information:
