

Dear [REDACTED]

The privacy and security of the personal information we maintain is of the utmost importance to Oakdale Ear Nose & Throat PA d/b/a Minnesota ENT ("Minnesota ENT"). We are writing to provide you with information regarding a recent cybersecurity incident that potentially involved your personal information. Please read this notice carefully, as it provides information about the incident, the complimentary identity monitoring services we are making available to you, and precautionary measures you can take to protect your information.

What Happened?

On or about January 16, 2026, Minnesota ENT detected unauthorized access to six (6) of our user email accounts.

What We Are Doing.

Upon learning of the issue, we secured our network, changed all passwords to our email accounts, and commenced a prompt and thorough investigation. As part of our investigation, we have been working very closely with external cybersecurity professionals experienced in handling these types of incidents. Following the completion of our investigation, we could not conclude with 100% certainty that the contents of one mailbox was not accessed or acquired by the unauthorized individual(s) on or around January 16, 2026. We conducted a thorough review of the potentially impacted mailbox and on July 15, 2026, we determined that the potentially impacted mailbox contained emails or attachments that included your personal and/or health information.

While cybersecurity threats continue to impact all of us, we are taking ever-increasing measures to protect the information entrusted to us. We continually evaluate and modify our practices and internal controls to enhance the security and privacy of your personal information. In response to this incident and through our continuing comprehensive review, we have strengthened our network and implemented additional security improvements recommended by third-party cybersecurity experts.

What Information Was Involved?

The information that may have been accessed contained some of your personal information, including your [REDACTED]

What You Can Do.

To date, we do not have evidence that your information has been used to commit financial fraud or identity theft. Nevertheless, out of an abundance of caution, we want to make you aware of the incident and provide complimentary credit monitoring services as a precaution. We are providing you with access to **Experian IdentityWorksSM**. This letter provides more information about the complimentary services, enrollment instructions, and other precautionary measures you can take to protect your personal information, including placing a Fraud Alert and Security Freeze on your credit files, and obtaining a free credit report. Additionally, you should always remain vigilant in reviewing your financial account statements and credit reports for fraudulent or irregular activity on a regular basis.
