

(collectively, “the Products”).

2. The Products are not “natural,” and certainly not “All Natural,” because they contain unnatural, synthetic ingredients, including but not limited to, soybean oil and/or corn syrup.

3. Defendant manufactures, markets, advertises, and sells the Products as being “All Natural” on the front packaging of the Products.

4. At all material times hereto, the Products made the exact same “All Natural” claim in the exact same prominently displayed location on the front packaging for the aforementioned Products in paragraph one (1).

5. The representation that the Products are “All Natural” is central to the marketing of the Products and is displayed prominently on their packaging. The misrepresentations were uniform and were communicated to Plaintiff and every other member of the Class.

6. Furthermore, the “All Natural” claim is false, misleading, and likely to deceive reasonable consumers in the same respect—that being due to their unnaturalness by containing unnatural, synthetic, and/or artificial ingredients.

7. Contrary to Defendant’s representations, the Products, at all material times hereto, are not “All Natural,” because the Products contain unnatural, synthetic, and/or artificial ingredients, such as soybean oil and/or corn syrup. The Products are simply not “All Natural,” therefore rendering Defendant’s uniform claim unlawful, fraudulent, negligent, unfair, deceptive, misleading, and/or likely to deceive reasonable consumers.

8. As a result, Plaintiff brings this class action to secure, among other things, equitable relief, declaratory relief, restitution, and in the alternative damages, for a Class of similarly situated Florida purchasers, against JAG, for: (1) false, deceptive, unfair, and unlawful business practices

in violation of Florida's Deceptive and Unfair Trade Practices Act ("FDUTPA"), Fla. Stat. §§ 501.201, *et seq.*; (2) Negligent Misrepresentation; (3) Breach of Implied Warranty of Fitness for Particular Purpose; (4) Breach of Express Warranty; (5) Violation of Magnusson-Moss Warranty Act, 15 U.S.C. §§ 2301 *et seq.*

9. Plaintiff is seeking damages individually and on behalf of the Class. In addition, Plaintiff is seeking an Order requiring Defendant to cease using unnatural, synthetic, and/or artificial ingredients in its "All Natural" products, and/or ordering Defendant to cease from representing its products are "All Natural" on the packaging for the Products that contain unnatural, synthetic, and/or artificial ingredients.

10. Plaintiff expressly does not seek to contest or enforce any state law that has requirements beyond those required by Federal laws or regulations.

11. All allegations herein are based on information and belief and/or are likely to have evidentiary support after reasonable opportunity for further investigation and discovery.

## **II. JURISDICTION AND VENUE**

12. This Court has jurisdiction over the subject matter presented by this Class Action Complaint because it is a class action arising under the Class Action Fairness Act of 2005 ("CAFA"), Pub. L. No. 109-2, 119 Stat. 4 (2005), which explicitly provides for the original jurisdiction of the Federal Courts of any class action in which any member of the plaintiff class is a citizen of a state different from any Defendant, and in which the matter in controversy exceeds in the aggregate the sum of \$5,000,000.00, exclusive of interest and costs. Pursuant to 28 U.S.C. § 1332(d)(2)(A), Plaintiff alleges that the total claims of the individual members of the Plaintiff Class in this action are in excess of \$5,000,000.00, in the aggregate, exclusive of interest and costs, and as set forth below, diversity of citizenship exists under CAFA because, as more fully set forth

below, Plaintiff is a citizen of Florida, and JAG can be considered a citizen of New York for diversity purposes.

13. Venue in this judicial district is proper pursuant to 28 U.S.C. §1391(a) because, as set forth below, Defendant conducts business in, and may be found in, this district, and Plaintiff purchased the subject Products of this action in this judicial district.

### **III. PARTIES**

14. Plaintiff, LUKASZ MONKA, is an individual more than 18 years old, and is a citizen of Florida, who resides in Palm Beach County. Plaintiff respectfully requests a jury trial on all damage claims.

15. Defendant, Jag Specialty Foods, LLC, is a New York corporation with its principal place of business located at 115-05 15<sup>th</sup> Ave., PO Box 560089, College Point, New York 11356. Defendant lists a Registered Agent as Eileen Rapp, 34 Pearsall Ave., Unit 4H, Glencove, New York 11542. Defendant JAG promoted and marketed the Products at issue in this jurisdiction and in this judicial district. Defendant can be considered a citizen of New York for diversity purposes. Based upon information and belief, all individual members of JAG are citizens of States other than Florida. Based on publicly available information, the citizenship of each individual member of JAG cannot be confirmed at this time. The citizenship of each individual member of JAG will be determined throughout the course of discovery.

16. The advertising for the Products relied upon by Plaintiff was prepared and/or approved by JAG and its agents, and was disseminated by JAG and its agents through advertising containing the misrepresentations alleged herein. The advertising for the Products was designed to encourage consumers to purchase the Products and reasonably misled the reasonable consumer, i.e. Plaintiff and the Class into purchasing the Products. JAG is the owner, manufacturer and

distributor of the Products, and is the company that created and/or authorized the unlawful, fraudulent, unfair, misleading and/or deceptive advertising and statements for the Products.

17. Plaintiff alleges that, at all times relevant herein, JAG and its subsidiaries, affiliates, and other related entities, as well as their respective employees, were the agents, servants and employees of JAG, and at all times relevant herein, each was acting within the purpose and scope of that agency and employment. Plaintiff further alleges on information and belief that at all times relevant herein, the distributors and retailers who delivered and sold the Products, as well as their respective employees, also were JAG's agents, servants and employees, and at all times herein, each was acting within the purpose and scope of that agency and employment.

18. In addition, Plaintiff alleges that, in committing the wrongful acts alleged herein, JAG, in concert with its subsidiaries, affiliates, and/or other related entities and their respective employees, planned, participated in and furthered a common scheme to induce members of the public to purchase the Products by means of untrue, misleading, deceptive, and/or fraudulent representations, and that JAG participated in the making of such representations in that it disseminated those misrepresentations and/or caused them to be disseminated. Whenever reference in this Complaint is made to any act by JAG or its subsidiaries, affiliates, distributors, retailers and other related entities, such allegation shall be deemed to mean that the principals, officers, directors, employees, agents, and/or representatives of JAG committed, knew of, performed, authorized, ratified and/or directed that act or transaction on behalf of JAG while actively engaged in the scope of their duties.

#### **IV. FACTUAL ALLEGATIONS**

##### **A. JAG' Advertising of the "All Natural" Products**

19. JAG manufactures, distributes, markets, advertises, and sells the Products aforementioned in paragraph one (1), which uniformly claim to be "All Natural," when in fact, they are not, because they contain unnatural, synthetic, and/or artificial ingredients, including but not limited to, soybean oil and/or corn syrup.

20. Defendant's "All Natural" statement prominently displayed on the front of the box for the Products' and on the front of each individual packaging for the Products is untrue, misleading, and likely to deceive reasonable consumers, such as Plaintiff and members of the Class, because the Products are not All Natural due to the presence of unnatural, synthetic, and/or artificial ingredients in the Products.

21. Defendant unlawfully markets, advertises, sells and distributes the Products to Florida purchasers in Florida grocery stores, food chains, mass discounters, mass merchandisers, club stores, convenience stores, drug stores and/or dollar stores, as being "All Natural."

22. All of the Products' packaging uniformly and consistently state that the Products are All Natural on the front of the box for each of the Products and on the front of each individual packaging for the Products that come inside each box.

23. As a result, all consumers within the Class, including Plaintiff, who purchased the Products were exposed to the same "All Natural" claim.

24. Unfortunately for consumers, they were charged a price premium for these alleged All Natural Products over Products that did not claim to be "All Natural."

25. Defendant's "All Natural" representations convey a series of express and implied claims which Defendant knows are material to the reasonable consumer, and which Defendant intends for consumers to rely upon when choosing to purchase the Products.

**B. Soybean Oil and Corn Syrup Are Not Natural**

26. Soybean oil and/or corn syrup are unnatural, synthetic, and/or an artificial ingredients, and their presence in the Products causes the Products to not be "All Natural." As detailed herein, a reasonable consumer might interpret the names of some of the ingredients as "natural," while the ingredients are, in fact, highly-processed or synthetic, and thus unnatural.

27. *Corn syrup* is a prominently unnatural, synthetic and/or artificial ingredient.

28. *Soybean oils* are highly processed ingredients. The various processes by which the raw rapeseed and soy ingredients are converted to these cooking oils render the final ingredient chemically-derived and not-natural. The ingredients no longer bear any natural chemical resemblance to their source crops as a result of the extensive process by which they are refined. The oil ingredients undergo several distinct chemical processes: (1) extraction; (2) alkalineutralization; (3) bleaching; (4) deodorizing; and (5) conditioning.

(1) *Extraction:* The manufacturer first physically presses the soybeans, which typically extracts a small portion of the extractable oil. Next, it is treated with Hexane, a carcinogenic chemical linked to cancer and other major health problems in studies conducted on animals, to extract the remaining crude oil. Residual Hexane may be present in the final product.

(2) *Alkalineutralization:* After extraction, the oil is neutralized with an alkaline soap solution that separates and removes the free fatty acids. The soap solution is separated from the neutralized oil using a centrifuge. Potassium Hydroxide, a corrosive acid, is used to facilitate the reaction between the alkaline solution and

the free fatty acids.

(3) *Bleaching*: After neutralization, the oil is bleached with cleaning solutions to lighten the oil's color

(4) *Deodorizing*: After bleaching, the oil deodorized with more cleaning products to minimize its odor.

(5) *Conditioning*: After being deodorized, the oils are conditioned by the use of high-concentration Phosphoric Acid, consumption of which has been linked to lower bone density and chronic kidney disease.

29. Despite all these unnatural ingredients, Defendant knowingly markets the Products as "All Natural."

30. The "FDA has not developed a definition for use of the term natural or its derivatives," but it has *loosely* defined the term "natural" as a product that "does not contain added color, artificial flavors, or synthetic substances."<sup>1</sup> According to federal regulations, an ingredient is synthetic if it is:

[a] substance that is formulated or manufactured by a chemical process or by a process that chemically changes a substance extracted from naturally occurring plant, animal, or mineral sources, except that such term shall not apply to substances created by naturally occurring biological processes.

7 C.F.R. §205.2.

31. The FDA has not occupied the field of "natural labeling," and in any event, this case is about Defendant's "All Natural" statement being false, misleading, and likely to deceive

reasonable consumers. Courts routinely decide whether “natural” statements are likely to deceive reasonable consumers.

32. Similarly, the USDA's Food Safety and Inspection Service ("FSIS") defines a "natural" product as a product that does not contain any artificial or synthetic ingredient and does not contain any ingredient that is more than “minimally processed,” defined as:

(a) those traditional processes used to make food edible or to preserve it or to make it safe for human consumption, e.g., smoking, roasting, freezing, drying, and fermenting, or (b) those physical processes which do not fundamentally alter the raw product and/or which only separate a whole, intact food into component parts, e.g., grinding meat, separating eggs into albumen and yolk, and pressing fruits to produce juices.

Relatively severe processes, e.g., solvent extraction, acid hydrolysis, and chemical bleaching would clearly be considered more than minimal processing.<sup>2</sup>

**C. Defendant Deceptively Markets the Products as “All Natural” to Induce Consumers to Purchase the Products**

33. A representation that a product is “All Natural” and/or “Natural” is material to a reasonable consumer. According to Consumers Union, “Eighty-six percent of consumers expect a ‘natural’ label to mean processed foods do not contain any artificial ingredients.”<sup>3</sup>

34. Defendant markets and advertises the Products as “All Natural” to increase sales of the Products and Defendant is well-aware that claims of food being “All Natural” are material to consumers. Despite knowing that soybean oil and/or corn syrup are not natural, Defendant has

engaged in a widespread marketing and advertising campaign to portray the Products as being “All Natural.”

35. Defendant engaged in this misleading and deceptive campaign to charge a premium for the Products and take away market share from other similar products. As stated herein, such representations and the widespread marketing campaign portraying the Products as being “All Natural” are misleading and likely to deceive reasonable consumers because the Products are not “All Natural” due to being made with unnatural ingredients.

36. Reasonable consumers frequently rely on food label representations and information in making purchase decisions.

37. Plaintiff and the other Class members reasonably relied to their detriment on Defendant’s misleading representations and omissions. Defendant’s misleading affirmative statement about the “naturalness” of its Products obscured the material facts that Defendant failed to disclose about the unnatural ingredients in its Products.

38. Plaintiff and the other Class members were among the intended recipients of Defendant’s deceptive representations and omissions.

39. Defendant made the deceptive representations and omissions on the Products with the intent to induce Plaintiff’s and the other Class members’ purchase of the Products.

40. Defendant’s deceptive representations and omissions are material in that a reasonable person would attach importance to such information and would be induced to act upon such information in making purchase decisions.

41. Thus, Plaintiff’s and the other Class members’ reliance upon Defendant’s misleading and deceptive representations and omissions may be presumed.

42. The materiality of those representations and omissions also establishes causation between Defendant's conduct and the injuries sustained by Plaintiff and the Class.

43. Defendant's false, misleading, and deceptive misrepresentations and omissions are likely to continue to deceive and mislead reasonable consumers and the general public, as they have already deceived and misled Plaintiff and the other Class members.

44. In making the false, misleading, and deceptive representations and omissions, Defendant knew and intended that consumers would pay a premium for "All Natural" labeled products over comparable products that are not labeled "All Natural" furthering Defendant's private interest of increasing sales for its Products and decreasing the sales of products that are truthfully offered as "All Natural" by Defendant's competitors, or those that do not claim to be "All Natural."

45. As an immediate, direct, and proximate result of Defendant's false, misleading, and deceptive representations and omissions, Defendant injured Plaintiff and the other Class members in that they:

- 1) paid a sum of money for Products that were not as represented;
- 2) paid a premium price for Products that were not as represented;
- 3) were deprived the benefit of the bargain because the Products they purchased were different than what Defendant warranted;
- 4) were deprived the benefit of the bargain because the Products they purchased had less value than what was represented by Defendant;
- 5) did not receive Products that measured up to their expectations as created by Defendant;
- 6) ingested a substance that was other than what was represented by Defendant;
- 7) ingested a substance that Plaintiff and the other members of the Class did not expect or consent to;

- 8) ingested a product that was artificial, synthetic, or otherwise unnatural;
- 9) ingested a substance that was of a lower quality than what Defendant promised;
- 10) were denied the benefit of knowing what they ingested;
- 11) were denied the benefit of truthful food labels;
- 12) were forced unwittingly to support an industry that contributes to environmental, ecological, and/or health damage;
- 13) were denied the benefit of supporting an industry that sells natural foods and contributes to environmental sustainability; and
- 14) were denied the benefit of the beneficial properties of the natural foods promised.

46. Had Defendant not made the false, misleading, and deceptive representations and omissions, Plaintiff and the other Class members would not have been economically injured.

47. Among other things, Plaintiff and the other Class members would not have been denied the benefit of the bargain, they would not have ingested a substance that they did not expect or consent to.

48. Plaintiff and the other Class members did not obtain the full value of the advertised Products due to Defendant's misrepresentations and omissions.

49. Plaintiff and the other Class members purchased, purchased more of, or paid more for, the Products than they would have done, had they known the truth about the Products' unnaturalness.

50. Accordingly, Plaintiff and the other Class members have suffered injury in fact and lost money or property as a result of Defendant's wrongful conduct.

**D. Plaintiff's Purchase and Reliance on the "All Natural" Statement**

51. Plaintiff has purchased the Products, including Angonoa's Sesame Breadsticks, during the Class Period, from a Publix Supermarket located at 11566 US Hwy 1 N, Palm Beach

Gardens, Florida, for the purchase price of approximately \$2.49. The Sesame Breadsticks purchased by Plaintiff claimed to be “All Natural” on the front packaging, which Plaintiff perceived, read and relied on in making Plaintiff’s purchase. Plaintiff interpreted the “All Natural” claim to mean that the Sesame Breadsticks did not contain unnatural, synthetic, and/or artificial ingredients. Subsequent to purchasing the Sesame Breadsticks, Plaintiff discovered that they contain unnatural, synthetic and/or artificial ingredients, including soybean oil and/or corn syrup, and thus, the Sesame Breadsticks are not “All Natural.”

52. Defendant manufactures, markets, advertises, distributes and sells the Products identified in paragraph one (1) above, including the Sesame Breadsticks, claiming to be “All Natural,” in retail stores throughout Florida and in this judicial district.

53. Through a variety of advertising, including the front packaging of the Products, JAG has made untrue and misleading material statements and representations regarding the Products, which have been relied upon by Plaintiff and members of the Class.

54. Plaintiff and members of the Class would not have purchased the Products had they known that they were not “All Natural.” Likewise, if Plaintiff and members of the Class had known the Products contained unnatural, synthetic, and/or artificial ingredients, they would not have purchased them.

55. Defendant’s “All Natural” statement related to the Products is material to a consumer’s purchase decision because reasonable consumers, such as Plaintiff and members of the Class, care whether products contain unnatural, synthetic, and/or artificial ingredients, and thus attach importance to an “All Natural” claim when making a purchasing decision.

**E. Plaintiff Has Suffered Economic Damages**

56. As a result of purchasing the Products that claim to be “All Natural,” but contain soybean oil and/or corn syrup, Plaintiff and members of the Class have suffered economic damages.

57. Defendant’s “All Natural” advertising for the Products was and is false, misleading, and/or likely to deceive reasonable consumers. Therefore, the Products are valueless, worth less than what Plaintiff and members of the Class paid for them, and/or are not what Plaintiff and members of the Class reasonably intended to receive.

58. Plaintiff and the Class seek damages equal to the aggregate purchase price paid for the Products during the Class Period because the Products are worthless due to not being “All Natural,” due to the presence of unnatural, synthetic, and/or artificial ingredients.

59. Moreover, Plaintiff and members of the Class paid a price premium for the “All Natural” Products, over other similar products that do not claim to be “All Natural.”

**V. CLASS ACTION ALLEGATIONS**

60. Plaintiff re-alleges and incorporates by reference the allegations set forth in each of the preceding paragraphs of this Class Action Complaint as if fully set forth herein.

61. Pursuant to Federal Rule of Civil Procedure 23, Plaintiff brings this class action and seeks certification of the claims and certain issues in this action on behalf of a Class defined as:

**all Florida residents who have purchased for personal use any of Angonoa’s Breadstick products that claim to be “All Natural,” but contain soybean oil and/or corn syrup, from June 2010, through and to the filing date of this Complaint.**

62. Plaintiff respectfully reserves the right to amend the Class definition if further investigation and discovery indicates that the Class definition should be narrowed, expanded, or

otherwise modified. Excluded from the Class are governmental entities, Defendant, any entity in which Defendant has a controlling interest, and Defendant's officers, directors, affiliates, legal representatives, employees, co-conspirators, successors, subsidiaries, and assigns. Also excluded from the Class is any judge, justice, or judicial officer presiding over this matter and the members of their immediate families and judicial staff.

63. Defendant's practices and omissions were applied uniformly to all members of the Class, including any subclass, so that the questions of law and fact are common to all members of the Class and any subclass.

64. All members of the Class and any subclass were and are similarly affected by the deceptive advertising for the Products, and the relief sought herein is for the benefit of Plaintiff and members of the Class and any subclass.

65. Based on the annual sales of the Products and the popularity of the Products, it is readily apparent that the number of consumers in both the Class and any subclass is so large as to make joinder impractical, if not impossible.

66. Questions of law and fact common to the Plaintiff Class and any subclass exist that predominate over questions affecting only individual members, including, *inter alia*:

- a. Whether Defendant's business practices violated FDUTPA, Fla. Stat. §§ 501.201, *et seq.*;
- b. Whether the Products are "All Natural;"
- c. Whether the ingredients contained in the Products are "All Natural;"
- d. Whether the claim "All Natural" on the Products' packaging and advertising is material to a reasonable consumer;

- e. Whether the claim “All Natural” on the Products’ packaging and advertising is false to a reasonable consumer.
- f. Whether the claim “All Natural” on the Products’ packaging and advertising is likely to deceive a reasonable consumer;
- g. Whether the claim “All Natural” on the Products’ packaging and advertising is misleading to a reasonable consumer;
- h. Whether a reasonable consumer is likely to be deceived by a claim that a product is “All Natural” where the product contains unnatural, synthetic, and/or artificial ingredients;
- i. Whether a reasonable consumer is likely to be deceived by a claim that a product is “All Natural” where the product contains soybean oil and/or corn syrup which are unnatural, synthetic, and/or artificial ingredients; and
- j. Whether Defendant’s conduct as set forth above injured consumers and if so, the extent of the injury.

67. The claims asserted by Plaintiff in this action are typical of the claims of the members of the Plaintiff Class and any subclass, as the claims arise from the same course of conduct by Defendant, and the relief sought within the Class and any subclass is common to the members of each.

68. Plaintiff will fairly and adequately represent and protect the interests of the members of the Plaintiff Class and any subclass.

69. Plaintiff has retained counsel competent and experienced in both consumer protection and class action litigation.

70. Certification of this class action is appropriate under Federal Rule of Civil Procedure 23 because the questions of law or fact common to the respective members of the Class and any subclass predominate over questions of law or fact affecting only individual members.

71. This predominance makes class litigation superior to any other method available for a fair and efficient decree of the claims. Absent a class action, it would be highly unlikely that the representative Plaintiff or any other members of the Class or any subclass would be able to protect their own interests because the cost of litigation through individual lawsuits might exceed expected recovery.

72. Certification also is appropriate because Defendant acted, or refused to act, on grounds generally applicable to both the Class and any subclass, thereby making appropriate the relief sought on behalf of the Class and any subclass as respective wholes. Further, given the large number of consumers of the Products, allowing individual actions to proceed in lieu of a class action would run the risk of yielding inconsistent and conflicting adjudications.

73. A class action is a fair and appropriate method for the adjudication of the controversy, in that it will permit a large number of claims to be resolved in a single forum simultaneously, efficiently, and without the unnecessary hardship that would result from the prosecution of numerous individual actions and the duplication of discovery, effort, expense and burden on the courts that individual actions would engender.

74. The benefits of proceeding as a class action, including providing a method for obtaining redress for claims that would not be practical to pursue individually, outweigh any difficulties that might be argued with regard to the management of this class action.

**VI. FIRST CAUSE OF ACTION:  
FOR VIOLATIONS OF FLORIDA’S DECEPTIVE AND UNFAIR TRADE PRACTICES  
ACT, FLA. STAT. §§ 501.201, *ET SEQ.***

75. Plaintiff re-alleges and incorporates by reference the allegations set forth in the preceding paragraphs numbered one (1) through seventy-four (74) of this Complaint as if fully set forth herein verbatim.

76. This cause of action is brought pursuant to the Florida Deceptive and Unfair Trade Practices Act, Sections 501.201 to 201.213, *Florida Statutes*. The express purpose of the Act is to “protect the consuming public...from those who engage in unfair methods of competition, or unconscionable, deceptive, or unfair acts or practices in the conduct of any trade or commerce” Section 501.202(2).

77. The sale of the Products at issue in this cause was a “consumer transaction” within the scope of the Florida Deceptive and Unfair Trade Practices Act, Sections 501.201 to 201.213, *Florida Statutes*.

78. Plaintiff is a “consumer” as defined by Section 501.203, *Florida Statutes*. Each of Defendant’s Products is a “good” within the meaning of the Act. Defendant is engaged in trade or commerce within the meaning of the Act.

79. Section 501.204(1), *Florida Statutes* declares as unlawful “unfair methods of competition, unconscionable acts or practices, and unfair or deceptive acts or practices in the conduct of any trade or commerce”.

80. Section 501.204(2), *Florida Statutes* states that “due consideration be given to the interpretations of the Federal Trade Commission and the federal courts relating to Section 5(a)(1) of the Trade Commission Act.” Defendant’s unfair and deceptive practices are likely to mislead

– and have misled – the consumer acting reasonably under the circumstances and, therefore, violate Section 500.04, Florida Statutes and 21 U.S.C. Section 343.

81. Defendant have violated the Act by engaging in the unfair and deceptive practices described above, which offend public policies and are immoral, unethical, unscrupulous and substantially injurious to consumers. Specifically, Defendant has represented that their Products are “All Natural,” when in fact the Products contain unnatural, synthetic, and/or artificial ingredients.

82. Plaintiff and Class Members have been aggrieved by Defendant’s unfair and deceptive practices in that they purchased and consumed Defendant’s Products.

83. Reasonable consumers rely on Defendant to honestly represent the true nature of their ingredients.

84. As described in detail above, Defendant has represented that its products are “All Natural,” when in reality they contain unnatural, synthetic, and/or artificial ingredients.

85. Defendant has deceived reasonable consumers, like Plaintiff and the Class, into believing its Products were something they were not—“All Natural.”

86. The knowledge required to discern the true nature of Defendant’s Products is beyond that of the reasonable consumer—namely that the Products contain unnatural, synthetic, and/or artificial ingredients, such as soybean oil and/or corn syrup.

87. Federal and State Courts decide omission and misrepresentation matters regularly, including those involving a reasonable consumer’s understanding of the meaning of “All Natural.” Accordingly, the issue of whether the “All Natural” label is misleading to a reasonable consumer is well within the jurisdiction of the Court.

88. The damages suffered by the Plaintiff and the Class were directly and proximately caused by the deceptive, misleading and unfair practices of Defendant, as described above.

89. Pursuant to Section 501.211(1), *Florida Statutes*, Plaintiff and the Class seek a declaratory judgment and court order enjoining the above described wrongful acts and practices of the Defendant, and for restitution and disgorgement.

90. Additionally, pursuant to sections 501.211(2) and 501.2105, *Florida Statutes*, Plaintiff and the Class make claims for damages, attorney's fees and costs.

**VII. SECOND CAUSE OF ACTION:  
NEGLIGENT MISREPRESENTATION**

91. Plaintiff re-alleges and incorporates by reference the allegations set forth in the preceding paragraphs numbered one (1) through seventy-four (74) of this Complaint as if fully set forth herein verbatim.

92. Defendant has negligently represented that the Products have nothing artificial and are all "All Natural," when in fact, they are not because they contain unnatural, synthetic, and/or artificial ingredients such as soybean oil and/or corn syrup.

93. Defendant has misrepresented a material fact to the public, including Plaintiff and Class Members, about its Products; specifically, that the Products are "All Natural" when they contain unnatural, synthetic, and/or artificial ingredients.

94. Defendant knew or should have known that these omissions would materially affect Plaintiff's and Class members' decisions to purchase the Products.

95. Plaintiff and other reasonable consumers, including the Class members, reasonably relied on Defendant's representations set forth herein, and, in reliance thereon, purchased the Products.

96. The reliance by Plaintiff and Class members was reasonable and justified in that Defendant appeared to be, and represented itself to be, a reputable business, and it distributed the Products through reputable companies.

97. Plaintiff would not have been willing to pay for Defendant's Products if they knew that they contained unnatural, synthetic, and/or artificial ingredients.

98. As a direct and proximate result of these misrepresentations, Plaintiff and members of the Class were induced to purchase and consume Defendant's Products, and have suffered damages to be determined at trial in that, among other things, they have been deprived of the benefit of their bargain in that they bought Products that were not what they were represented to be, and they have spent money on Products that had less value than was reflected in the premium purchase price they paid for the Products.

**VIII. THIRD CAUSE OF ACTION:  
BREACH OF EXPRESS WARRANTY**

99. Plaintiff re-alleges and incorporates by reference the allegations set forth in the preceding paragraphs numbered one (1) through seventy-four (74) of this Complaint as if fully set forth herein verbatim.

100. Defendant has expressly represented that the Products are "All Natural," when in fact, they are not because they contain unnatural, synthetic, and/or artificial ingredients, such as soybean oil and/or corn syrup.

101. Plaintiff is informed and believes, and thereon alleges, that Defendant made an express warranty, including, but not limited to, that the Products were "All Natural."

102. As a proximate result of the failure of the Products to perform as expressly warranted by Defendant, Plaintiff and members of the Class have suffered actual economic damages in an amount to be determined at trial in that they were induced to purchase products they

would not have purchased had they known the true facts about, and have spent money on Products that were not what they were represented to be, and that lack the value Defendant represented the Products to have.

103. Plaintiff and Class members gave timely notice to Defendant of this breach on behalf of themselves and all members of the Plaintiff Class directly through a Notice letter sent to Defendant on October 31, 2013.

**IX. FOURTH CAUSE OF ACTION:  
VIOLATION OF THE MAGNUSON-MOSS WARRANTY ACT  
(15 U.S.C. §§ 2301 *et seq.*)**

104. Plaintiff re-alleges and incorporates by reference the allegations set forth in the preceding paragraphs numbered one (1) through seventy-four (74) of this Complaint as if fully set forth herein verbatim.

105. Defendant has breached an express warranty regarding the Product, as described in the third cause of action above.

106. Plaintiff and the Class are consumers as defined in 15 U.S.C. § 2301(3).

107. Defendant is a supplier and warrantor as defined in 15 U.S.C. § 2301(4)(5).

108. The Products are consumer products as defined in 15 U.S.C. § 2301(6).

**INSTRUCTIONS FOR ATTORNEYS COMPLETING CIVIL COVER SHEET FORM JS 44**

## Authority For Civil Cover Sheet

The JS 44 civil cover sheet and the information contained herein neither replaces nor supplements the filings and service of pleading or other papers as required by law, except as provided by local rules of court. This form, approved by the Judicial Conference of the United States in September 1974, is required for the use of the Clerk of Court for the purpose of initiating the civil docket sheet. Consequently, a civil cover sheet is submitted to the Clerk of Court for each civil complaint filed. The attorney filing a case should complete the form as follows:

**I. (a) Plaintiffs-Defendants.** Enter names (last, first, middle initial) of plaintiff and defendant. If the plaintiff or defendant is a government agency, use only the full name or standard abbreviations. If the plaintiff or defendant is an official within a government agency, identify first the agency and then the official, giving both name and title.

(b) County of Residence. For each civil case filed, except U.S. plaintiff cases, enter the name of the county where the first listed plaintiff resides at the time of filing. In U.S. plaintiff cases, enter the name of the county in which the first listed defendant resides at the time of filing. (NOTE: In land condemnation cases, the county of residence of the "defendant" is the location of the tract of land involved.)

(c) Attorneys. Enter the firm name, address, telephone number, and attorney of record. If there are several attorneys, list them on an attachment, noting in this section "(see attachment)".

**II. Jurisdiction.** The basis of jurisdiction is set forth under Rule 8(a), F.R.C.P., which requires that jurisdictions be shown in pleadings. Place an "X" in one of the boxes. If there is more than one basis of jurisdiction, precedence is given in the order shown below.

United States plaintiff. (1) Jurisdiction based on 28 U.S.C. 1345 and 1348. Suits by agencies and officers of the United States are included here.

United States defendant. (2) When the plaintiff is suing the United States, its officers or agencies, place an "X" in this box.

Federal question. (3) This refers to suits under 28 U.S.C. 1331, where jurisdiction arises under the Constitution of the United States, an amendment to the Constitution, an act of Congress or a treaty of the United States. In cases where the U.S. is a party, the U.S. plaintiff or defendant code takes precedence, and box 1 or 2 should be marked.

Diversity of citizenship. (4) This refers to suits under 28 U.S.C. 1332, where parties are citizens of different states. When Box 4 is checked, the citizenship of the different parties must be checked. (See Section III below; federal question actions take precedence over diversity cases.)

**III. Residence (citizenship) of Principal Parties.** This section of the JS 44 is to be completed if diversity of citizenship was indicated above. Mark this section for each principal party.

**IV. Nature of Suit.** Place an "X" in the appropriate box. If the nature of suit cannot be determined, be sure the cause of action, in Section VI below, is sufficient to enable the deputy clerk or the statistical clerks in the Administrative Office to determine the nature of suit. If the cause fits more than one nature of suit, select the most definitive.

**V. Origin.** Place an "X" in one of the seven boxes.

Original Proceedings. (1) Cases which originate in the United States district courts.

Removed from State Court. (2) Proceedings initiated in state courts may be removed to the district courts under Title 28 U.S.C., Section 1441. When the petition for removal is granted, check this box.

Refiled (3) Attach copy of Order for Dismissal of Previous case. Also complete VI.

Reinstated or Reopened. (4) Check this box for cases reinstated or reopened in the district court. Use the reopening date as the filing date.

Transferred from Another District. (5) For cases transferred under Title 28 U.S.C. Section 1404(a). Do not use this for within district transfers or multidistrict litigation transfers.

Multidistrict Litigation. (6) Check this box when a multidistrict case is transferred into the district under authority of Title 28 U.S.C. Section 1407. When this box is checked, do not check (5) above.

Appeal to District Judge from Magistrate Judgment. (7) Check this box for an appeal from a magistrate judge's decision.

Remanded from Appellate Court. (8) Check this box if remanded from Appellate Court.

**VI. Related/Refiled Cases.** This section of the JS 44 is used to reference related pending cases or re-filed cases. Insert the docket numbers and the corresponding judges name for such cases.

**VII. Cause of Action.** Report the civil statute directly related to the cause of action and give a brief description of the cause. **Do not cite jurisdictional statutes unless diversity.**

Example: U.S. Civil Statute: 47 USC 553

Brief Description: Unauthorized reception of cable service

**VIII. Requested in Complaint.** Class Action. Place an "X" in this box if you are filing a class action under Rule 23, F.R.Cv.P.

Demand. In this space enter the dollar amount (in thousands of dollars) being demanded or indicate other demand such as a preliminary injunction.

Jury Demand. Check the appropriate box to indicate whether or not a jury is being demanded.

**Date and Attorney Signature.** Date and sign the civil cover sheet.
