NOTICE OF <<SUBJECT LINE>>

Dear <<Name 1>> <<Name 2>>:

OrthoMinds is a software company that provides orthodontic software services to its clients, including <<Variable Data 2 (data owner name)>>. While we are unaware of any actual or attempted misuse of your information, we are providing you with information about the incident, our response, and steps you may take to better protect against the possibility of identity theft and fraud, should you feel it is necessary to do so.

What Happened? In November 2024, OrthoMinds learned of a potential incident within its networked environment. Upon discovery, OrthoMinds launched an investigation into the nature and scope of this potential incident, including remediation efforts. Upon further investigation, OrthoMinds determined that files and folders stored on certain databases may have been accessible to others outside of our organization between November 17, 2024, and November 27, 2024. As a result, OrthoMinds remediated to prevent the potential for ongoing access and began an extensive review of these files and folders to determine whether sensitive information may be impacted. Following the investigation, OrthoMinds reported this incident to its clients, including <<Variable Data 2 (data owner name)>>. OrthoMinds then worked with its clients to compile and finalize lists of potentially impacted individuals.

What Information Was Involved? OrthoMinds is notifying you now because the investigation recently determined that certain information relating to you may have been within the accessed systems. The personal information involved in this incident may have included your name and <<Variable Data 3 (Data Elements Impacted)>>. Please note that we have no evidence to suggest that any information has been misused to date as a result of this incident.

Order Your Free Credit Report

Under U.S. law, a consumer is entitled to one free credit report annually from each of the three major credit reporting bureaus, Equifax, Experian, and TransUnion. To order a free credit report, visit www.annualcreditreport.com or call, toll-free, 1-877-322-8228. Consumers may also directly contact the three major credit reporting bureaus listed below to request a free copy of their credit report. Errors may be a warning sign of possible identity theft. You should notify the credit bureaus of any inaccuracies in your report, whether due to error or fraud, as soon as possible so the information can be investigated and, if found to be in error, corrected.

Fraud Alerts & Security Freezes

Consumers have the right to place an initial or extended “fraud alert” on a credit file at no cost. An initial fraud alert is a one-year alert that is placed on a consumer’s credit file. Upon seeing a fraud alert display on a consumer’s credit file, a business is required to take steps to verify the consumer’s identity before extending new credit. If consumers are the victim of identity theft, they are entitled to an extended fraud alert, which is a fraud alert lasting seven years. Should consumers wish to place a fraud alert, please contact any of the three major credit reporting bureaus listed below.

As an alternative to a fraud alert, consumers have the right to place a “credit freeze” on a credit report, which will prohibit a credit bureau from releasing information in the credit report without the consumer’s express authorization. The credit freeze is designed to prevent credit, loans, and services from being approved in a consumer’s name without consent. However, consumers should be aware that using a credit freeze to take control over who gets access to the personal and financial information in their credit report may delay, interfere with, or prohibit the timely approval of any subsequent request or application they make regarding a new loan, credit, mortgage, or any other account involving the extension of credit. Pursuant to federal law, consumers cannot be charged to place or lift a credit freeze on their credit report. To place a security freeze on your credit report, you must contact the credit reporting agency by phone, mail, or secure electronic means and provide proper identification of your identity. To request a credit freeze, individuals may need to provide some or all of the following information:

1. Full name (including middle initial as well as Jr., Sr., II, III, etc.);
2. Social Security number;
3. Date of birth;
4. Addresses for the prior two to five years;
5. Proof of current address, such as a current utility bill or telephone bill;

6. A legible photocopy of a government-issued identification card (state driver's license or ID card, etc.); and
7. A copy of either the police report, investigative report, or complaint to a law enforcement agency concerning identity theft if they are a victim of identity theft.

Should consumers wish to place a credit freeze or fraud alert, please contact the three credit reporting bureaus listed below:

Once you have submitted your request, the credit reporting bureau must place the credit freeze no later than 1 business day after receiving a request by phone or secure electronic means, and no later than 3 business days after receiving a request by mail. No later than 5 business days after placing the security freeze, the credit reporting agency will send you confirmation and information on how you can remove the freeze in the future.
