Subject: Notice of Data Event

Dear <<first_name>> <<middle_name>> <<last_name>> <<suffix>>,

Radius Global Solutions LLC is a leading provider of customer engagement and technology services on behalf of companies. We obtained your information from one of our business clients in connection with ongoing or past collection efforts. This letter is not sent in furtherance of those collection efforts. Rather, we are notifying you of a recent event involving the MOVEit web transfer application that may impact the privacy of your information. This letter provides a summary of the event, our response, and steps you can take to help protect your information, should you feel it appropriate to do so. We are also providing you with access to complimentary identity monitoring services at no cost. Activation instructions are included with this letter.

What Happened? On June 1, 2023, Radius learned of a vulnerability in the MOVEit web transfer application that Radius, along with several thousand other companies and government agencies, utilizes for transferring documents. Upon learning cybercriminals exploited the vulnerability, Radius immediately investigated its MOVEit database to assess its security and to identify any documents that may have been accessed by unauthorized actors. After determining some documents were accessed, Radius conducted a comprehensive review of the impacted files to determine what information was present in the impacted files, to whom the information related, and contact information for applicable individuals. We are notifying you because our review recently determined some of your information was present in the files accessible to the unauthorized actors due to the MOVEit vulnerability exploitation.

What Information Was Involved? The potentially impacted information included your <<b2b_text_1(name, data elements)>>.

What We Are Doing. Upon learning of the MOVEit vulnerability, we immediately investigated to determine any risk to information in the database. We promptly reviewed the identified documents so we could notify relevant individuals. We continue to implement necessary patching and measures to secure the MOVEit database as we learn new information. As an added precaution, we are offering you 24 months of complimentary identity monitoring services. Activation instructions are included on the following pages.

What You Can Do. We encourage you to remain vigilant against incidents of identity theft and fraud by reviewing account statements and monitoring free credit reports for suspicious activity and errors. We also encourage you to review the information contained in the *Steps You Can Take to Help Protect Information* section and to activate the complimentary identity monitoring services we are offering.

For More Information. If you have additional questions, please call our dedicated assistance line at [TFN](#), which is available from 9:00 AM to 6:30 PM Eastern Time Monday through Friday (excluding major U.S. holidays).

Sincerely,

Radius Global Solutions LLC

TAKE ADVANTAGE OF YOUR IDENTITY MONITORING SERVICES

You have been provided with access to the following services from Kroll:

Single Bureau Credit Monitoring

You will receive alerts when there are changes to your credit data—for instance, when a new line of credit is applied for in your name. If you do not recognize the activity, you'll have the option to call a Kroll fraud specialist, who will be able to help you determine if it is an indicator of identity theft.

Fraud Consultation

You have unlimited access to consultation with a Kroll fraud specialist. Support includes showing you the most effective ways to protect your identity, explaining your rights and protections under the law, assistance with fraud alerts, and interpreting how personal information is accessed and used, including investigating suspicious activity that could be tied to an identity theft event.

Identity Theft Restoration

If you become a victim of identity theft, an experienced Kroll licensed investigator will work on your behalf to resolve related issues. You will have access to a dedicated investigator who understands your issues and can do most of the work for you. Your investigator will be able to dig deep to uncover the scope of the identity theft, and then work to resolve it.

Kroll's activation website is only compatible with the current version or one version earlier of Chrome, Firefox, Safari and Edge.

To receive credit services, you must be over the age of 18 and have established credit in the U.S., have a Social Security number in your name, and have a U.S. residential address associated with your credit file.

Monitor Your Accounts

We recommend that you remain vigilant by reviewing personal account statements and monitoring credit reports to detect any errors or unauthorized activity. Under federal law, you also are entitled every 12 months to one free copy of your credit report from each of the three major credit reporting companies. To obtain a free annual credit report, go to www.annualcreditreport.com or call (877) 322-8228. You can also contact the three major credit reporting bureaus listed below to obtain a free copy of your credit report.

Consumers have the right to place a fraud alert on a credit file at no cost. A fraud alert tells businesses that check your credit that they should check with you before opening a new account and an initial alert lasts for one year with the option for an extended fraud alert for seven years. If you choose to place a fraud alert, we recommend you do this after activating your credit monitoring. To place a fraud alert, contact the nationwide credit reporting agencies by phone or online. For more information, visit <https://www.consumer.ftc.gov/articles/0275-place-fraud-alert>.

As an alternative to a fraud alert, consumers have the right to place a free security freeze on a credit report. Security freezes, also known as credit freezes, restrict access to your credit file, making it harder for identity thieves to open new accounts in your name. You can also get a free freeze for your children who are under 16, and if you are someone's guardian, conservator or have a valid power of attorney, you can get a free freeze for that person, too. To place a security freeze, contact the nationwide credit reporting agencies by phone or online. If you request a freeze online or by phone, the agency must place the freeze within one business day. If you request a lift of the freeze, the agency must lift it within one hour. If you make your request by mail, the agency must place or lift the freeze within three business days after it gets

your request. Under federal law, you cannot be charged to place or to lift the freeze. For more information, visit <https://www.consumer.ftc.gov/articles/0497-credit-freeze-faqs>. To request a credit freeze, you will need to provide the following information:

1. Full name (including middle initial as well as suffixes);
2. Social Security number;
3. Date of birth;
4. Address for the prior two to five years;
5. Proof of current address, such as a current utility bill or telephone bill;
6. A legible photocopy of a government-issued identification card;
7. A copy of any police report, investigative report, or complaint to law enforcement concerning identity theft if you are a victim of identity theft.

To place a fraud alert or credit freeze, please contact the three major consumer reporting bureaus:

Additional Information

You may further educate yourself regarding identity theft, fraud alerts, credit freezes, and the steps you can take to protect your personal information by contacting the consumer reporting bureaus, the Federal Trade Commission, or your state Attorney General. The Federal Trade Commission may be reached at: 600 Pennsylvania Avenue NW, Washington, DC, 20580; www.identitytheft.gov; 1-877-ID-THEFT; and TTY 1-866-653-4261. The Federal Trade Commission encourages those who discover their information has been misused to file a complaint. You can obtain additional information by way of the contact information above. You have the right to file a police report if you ever experience identity fraud. Please note that to file a crime report or incident report with law enforcement for identity theft, you may need to provide some proof that you have been a victim. You should report suspected incidents of identity theft to local law enforcement, your state's Attorney General, and/or the Federal Trade Commission. This notice has not been delayed by law enforcement.
