Dear Craig Hopson:

MAC Pizza Management (“MAC Pizza”) values and respects the privacy of your information, which is why we are writing to advise you of a recent incident that may have involved some of your personal information. This letter explains the incident, the steps we have taken in response, and provides information on steps you may take to help protect your information, should you feel it is appropriate to do so.

**What Happened?** On April 17, 2023, we discovered that we were the victim of a cyber-attack. Upon identifying the issue, we promptly began an investigation, notified law enforcement, and worked to secure our systems. We also engaged a forensic security firm to assist with our investigation and confirm the security of our computer systems. The forensic investigation determined that an unknown, unauthorized third party accessed our computer systems at times between April 14, 2023 and April 22, 2023. The investigation indicated that the third party may have accessed and acquired certain documents from our systems during this period.

**What Information Was Involved?** We reviewed the contents of the potentially acquired documents to determine if they contained any personal information. We recently determined that the documents contained personal information that included your name and Social Security number. The information could also include your driver’s license number if you provided it to MAC Pizza.

**What We Are Doing.** In addition to the actions described above, we have taken steps to reduce the risk of this type of incident occurring in the future, including enhancing our technical security measures.

**What You Can Do.** While we have no evidence that your personal information has been misused, you can find information on steps to protect yourself against possible identity theft or fraud in the enclosed *Additional Important Information* sheet.

**For More Information.** We value the trust you place in us to protect your privacy, take our responsibility to safeguard your personal information seriously, and apologize for any inconvenience or concern this incident might cause.
