Dear <<first\_name>> <<last\_name>>,

Nationwide Recovery Services, Inc. (“NRS”) is a debt collection service provider that experienced a data security incident that may have involved your information. This notice explains the incident, measures NRS has taken, and steps you can take in response.

**What Happened?** On July 11, 2024, NRS discovered suspicious activity related to certain computer systems which resulted in a network outage. NRS immediately took steps to secure its environment and launched an investigation to determine the nature and scope of the activity. NRS also reported this incident to law enforcement. The investigation determined there was unauthorized access to the NRS network between July 5, 2024 and July 11, 2024, and that certain files and folders were copied from its systems. As a result, NRS began an extensive review of these files and folders to determine what information they contained and to which NRS business partner the information belonged. This review was completed on or about February 3, 2025. On March 26, 2025, NRS provided its now-former customers, including Shore Medical Center, with a list of the individuals whose information may have been involved.

**What Information Was Involved?** NRS determined that files containing some of your information may have been accessed and/or acquired as a result of this incident, including your <<b2b\_text\_2 (name and [data elements])>>.

**What was Done in Response.** Upon becoming aware of this incident, NRS immediately took steps to confirm the security of its systems and conduct an investigation. NRS also reviewed existing security policies and implemented additional measures to further protect against similar incidents moving forward.

It is always advisable to be vigilant for incidents of fraud or identity theft by reviewing your account statements and free credit reports for any unauthorized activity. You may obtain a copy of your credit report, free of charge, once every 12 months from each of the three nationwide credit reporting companies. To order your annual free credit report, please visit [www.annualcreditreport.com](http://www.annualcreditreport.com) or call toll free at 1-877-322-8228. Contact information for the three nationwide credit reporting companies is as follows:

- *Equifax*, PO Box 740241, Atlanta, GA 30374, [www.equifax.com](http://www.equifax.com), 1-888-378-4329
- *Experian*, PO Box 2002, Allen, TX 75013, [www.experian.com](http://www.experian.com), 1-888-397-3742
- *TransUnion*, PO Box 2000, Chester, PA 19016, [www.transunion.com/get-credit-report](http://www.transunion.com/get-credit-report), 1-833-799-5355

If you believe you are the victim of identity theft or have reason to believe your personal information has been misused, you should immediately contact the Federal Trade Commission and/or the Attorney General's office in your state. You can obtain information from these sources about steps an individual can take to avoid identity theft as well as information about fraud alerts and security freezes. You should also contact your local law enforcement authorities and file a police report. Obtain a copy of the police report in case you are asked to provide copies to creditors to correct your records. Contact information for the Federal Trade Commission is as follows:

- *Federal Trade Commission*, Consumer Response Center, 600 Pennsylvania Avenue NW, Washington, DC 20580, 1-877-IDTHEFT (438-4338), [www.ftc.gov/idtheft](http://www.ftc.gov/idtheft)

***Fraud Alerts:*** There are two types of general fraud alerts you can place on your credit report to put your creditors on notice that you may be a victim of fraud—an initial alert and an extended alert. You may ask that an initial fraud alert be placed on your credit report if you suspect you have been, or are about to be, a victim of identity theft. An initial fraud alert stays on your credit report for one year. You may have an extended alert placed on your credit report if you have already been a victim of identity theft with the appropriate documentary proof. An extended fraud alert stays on your credit report for seven years. To place a fraud alert on your credit reports, contact one of the nationwide credit bureaus. A fraud alert is free. The credit bureau you contact must tell the other two, and all three will place an alert on their versions of your report. For those in the military who want to protect their credit while deployed, an Active Duty Military Fraud Alert lasts for one year and can be renewed for the length of your deployment. The credit bureaus will also take you off their marketing lists for pre-screened credit card offers for two years unless you ask them not to.

***Credit or Security Freezes:*** You have the right to put a credit freeze, also known as a security freeze, on your credit file, free of charge, which makes it more difficult for identity thieves to open new accounts in your name. That's because most creditors need to see your credit report before they approve a new account. If they can't see your report, they may not extend the credit. *How do I place a freeze on my credit reports?* There is no fee to place or lift a security freeze. Unlike a fraud alert, you must separately place a security freeze on your credit file at each credit reporting company. For information and instructions to place a security freeze, contact each of the credit reporting agencies at the addresses below:

- **Equifax Security Freeze**, PO Box 105788, Atlanta, GA 30348, [www.equifax.com](http://www.equifax.com)
- **Experian Security Freeze**, PO Box 9554, Allen, TX 75013, [www.experian.com](http://www.experian.com)
- **TransUnion Security Freeze**, PO Box 2000, Chester, PA 19016, [www.transunion.com/credit-freeze](http://www.transunion.com/credit-freeze)

You'll need to supply your name, address, date of birth, Social Security number and other personal information. After receiving your freeze request, each credit bureau will provide you with a unique PIN (personal identification number) or password. Keep the PIN or password in a safe place. You will need it if you choose to lift the freeze. *How do I lift a freeze?* A freeze remains in place until you ask the credit bureau to temporarily lift it or remove it altogether. If the request is made online or by phone, a credit bureau must lift a freeze within one hour. If the request is made by mail, then the bureau must lift the freeze no later than three business days after getting your request.

If you opt for a temporary lift because you are applying for credit or a job, and you can find out which credit bureau the business will contact for your file, you can save some time by lifting the freeze only at that particular credit bureau. Otherwise, you need to make the request with all three credit bureaus.
