Notice of Security Incident

Dear Don G Swecoski Jr.,

We write to inform you of a recent data security incident that may have involved some of your information. Arietis Health LLC ("Arietis Health") received that information in connection with healthcare billing services it provides to Southwest Ohio Anesthesia Consultants, LLC, which administered pain management services or anesthesia in connection with medical treatment you received from your healthcare provider. Arietis Health is one of thousands of organizations worldwide that may have recently been affected by the MOVEit software vulnerability. Please read this letter carefully as it contains information regarding the incident and steps you can take to help protect your information.

What Happened? On May 31, 2023, Progress Software – the company responsible for MOVEit software – alerted Arietis Health to a critical vulnerability affecting MOVEit, a solution used widely by businesses and government agencies, including Arietis Health, to securely transfer data. After becoming aware of the alert, Arietis Health took immediate steps to secure and patch its MOVEit server in accordance with Progress Software's instructions. Arietis Health thereafter engaged leading, independent cybersecurity experts to conduct a comprehensive investigation. On July 26, 2023, the investigation determined that unauthorized actors had access to Arietis Health's MOVEit server on May 31, 2023, and may have acquired certain files which contained your data. On August 3, 2023, Arietis Health informed Southwest Ohio Anesthesia Consultants, LLC of the incident, and reviewed the impacted data to determine what information may have been involved in the incident.

What Information Was Involved? The information potentially impacted in connection with this incident may have included your name as well as your name, date of birth, medical record number, patient account number, health insurance information, diagnosis and treatment information, provider name.

What Are We Doing? As soon as Arietis Health discovered the incident, Arietis Health took the steps described above. In addition, Arietis Health is providing you with information about steps that you can take to help protect your information. Furthermore, to help relieve concerns and restore confidence following this incident, Arietis Health has engaged CyEx to provide complimentary Identity Monitoring services for 12 months. CyEx is a global leader in risk mitigation and response, and the CyEx team has extensive experience helping people who have sustained an unintentional exposure of confidential data.

What You Can Do: Arietis Health recommends that you review the guidance included with this letter about how to help protect your information. We also encourage you to activate the Identity Monitoring services being offered to you through CyEx, which are free to you upon activation. You will need to reference the CyEx membership number in this letter when enrolling, so please do not discard this letter.
