

Appendix

The Beacon Mutual Insurance Company (“Beacon Mutual”) completed an investigation of unauthorized activity on their computer network. Upon learning of the activity, Beacon Mutual took action to contain it, began an investigation, and reported the incident to law enforcement. The investigation determined that an unauthorized person gained access to some of Beacon Mutual’s systems between January 7 and January 14, 2026, and acquired copies of certain files. Beacon Mutual then undertook a comprehensive and time-intensive review of the involved files and determined that one or more of those files contained the first name or first initial and last name along with Social Security number of approximately 607 Maine residents.

On May 18, 2026, Beacon Mutual will begin mailing notification letters to the Maine residents via U.S. First-Class mail. A copy of the notification letter template is attached. Beacon Mutual is offering involved individuals with a Social Security number and/or driver’s license involved a complimentary membership in credit monitoring and identity theft protection services through Experian. Beacon Mutual has also established a dedicated, toll-free call center for individuals to call with questions.

Beacon Mutual has taken, and will continue to take, steps to enhance the security of their computer network to prevent something like this from happening in the future.
