Dear Name:

Notice of Data Breach

We at Transamerica Retirement Solutions (Transamerica) are writing to inform you of an information breach involving some of your personal information. Although we have no indication of identity theft or fraud in relation to this event, we are providing you with information about the event, our response, and additional measures you can take to help protect your information, should you feel it appropriate to do so.

What Happened

On May 7th, 2025, Transamerica was alerted to suspicious activity involving a third-party, cloud-based application used internally by Transamerica for client management. We immediately terminated access and launched an investigation with the assistance of a forensic firm and determined that an unknown actor gained unauthorized access to the application through our call center by pretending to be a Transamerica employee. Our internal network was not compromised, and our investigation confirmed that no other Transamerica systems were targeted or impacted. We recently completed a review of the records to confirm the identities of individuals potentially affected by this event.

Reference Guide

Establish Login Credentials for Your Online Transamerica Account

If you have a Transamerica policy or account and have not done so already, it is important that you establish login credentials for your online account using a complex password. Use at least eight characters and mix numbers, upper- and lower-case letters, and symbols. Do not use names, dates, or words related to you. Remember not to share your passwords with anyone else – passwords should be for your eyes only.

Order Your Free Credit Report

To order your free annual credit report, visit www.annualcreditreport.com, call toll-free at (877) 322-8228, or complete the Annual Credit Report Request Form on the U.S. Federal Trade Commission's ("FTC") website at www.ftc.gov and mail it to Annual Credit Report Request Service, P.O. Box 105281, Atlanta, GA 30348-5281. The credit bureaus provide free annual credit reports only through the website, toll-free number, or request form.

Upon receiving your credit report, review it carefully. Look for accounts you did not open. Look in the "inquiries" section for names of creditors from whom you have not requested credit. Some companies bill under names other than their store or commercial names; the credit bureau will be able to tell if this is the case. Look in the "personal information" section for any inaccuracies in information (such as address and Social Security Number).

If you see anything you do not understand, call the credit bureau at the telephone number on the report. Errors may be a warning sign of possible identity theft. You should notify the credit bureaus of any inaccuracies in your report, whether due to error or fraud, as soon as possible so the information can be investigated and, if found to be in error, corrected. If there are accounts or charges you did not authorize, immediately notify the appropriate credit bureau by telephone and in writing. Information that cannot be explained should also be reported to your local police or sheriff's office because it may signal criminal activity.

Contact the U.S. Federal Trade Commission

If you detect any unauthorized transactions in any of your financial accounts, promptly notify the appropriate payment card company or financial institution. If you detect any incidence of identity theft or fraud, promptly report the matter to your local law enforcement authorities, state Attorney General and the FTC.

You can contact the FTC to learn more about how to protect yourself from becoming a victim of identity theft by using the following contact information:

Federal Trade Commission
Consumer Response Center
600 Pennsylvania Avenue, NW
Washington, DC 20580

Place a Fraud Alert on Your Credit File

To protect yourself from possible identity theft, consider placing a fraud alert on your credit file. A fraud alert helps protect against the possibility of an identity thief opening new credit accounts in your name. When a credit grantor checks the credit history of someone applying

for credit, the credit grantor gets a notice that the applicant may be the victim of identity theft. The alert notifies the credit grantor to take steps to verify the identity of the applicant. You can place a fraud alert on your credit report by calling any one of the toll-free fraud numbers provided below. You will reach an automated telephone system that allows flagging of your file with a fraud alert at all three credit bureaus.

Equifax	P.O. Box 740241 Atlanta, GA 30348	800 -525-6285	www.equifax.com
Experian	P.O. Box 2002 Allen, TX 75013	888-397-3742	www.experian.com
TransUnion	P.O. Box 2000 Chester, PA 19016	800-916-8800	www.transunion.com

Security Freezes

You have the right to put a security freeze, also known as a credit freeze, on your credit file, so that no new credit can be opened in your name without the use of a PIN number that is issued to you when you initiate a freeze. A security freeze is designed to prevent potential credit grantors from accessing your credit report without your consent. If you place a security freeze, potential creditors and other third parties will not be able to get access to your credit report unless you temporarily lift the freeze. Therefore, using a security freeze may delay your ability to obtain credit. In addition, you may incur fees to place, lift and/or remove a security freeze.

You have the right to request a credit freeze from a consumer reporting agency, free of charge. Unlike a fraud alert, you must contact the credit reporting agency by phone, mail, or secure electronic means and provide proper proof of your identity. To place a security freeze on your credit report you need to send a request to a consumer reporting agency by certified mail, overnight mail, or regular stamped mail. The following information must be included when requesting a security freeze (note that if you are requesting a credit report for your spouse, that person's information must be provided as well): (1) full name, with middle initial and any suffixes; (2) Social Security number; (3) date of birth; (4) current address and any previous addresses for the past five years; and (5) any applicable incident report or complaint with a law enforcement agency or the Registry of Motor Vehicles. The request must also include a copy of a government-issued identification card and a copy of a recent utility bill or bank or insurance statement. It is essential that each copy be legible, display your name and current mailing address, and the date of issue.

Below is contact information for the three consumer reporting agencies:

Equifax Security Freeze	P.O. Box 105788 Atlanta, GA 30348	800-685-1111	www.equifax.com
Experian Security Freeze	P.O. Box 9554 Allen, TX 75013	888-397-3742	www.experian.com
TransUnion	P.O. Box 2000 Chester, PA 19016	800-909-8872	www.transunion.com

Once you have submitted your request, the credit reporting agency must place the security freeze no later than 1 business day after receiving a request by phone or secure electronic means, and no later than 3 business days after receiving a request by mail. No later than 5 business days after placing the security freeze, the credit reporting agency will send you confirmation and information on how to remove the freeze in the future.

For Residents of Iowa

You may contact law enforcement or the Iowa Attorney General's office to report suspected incidents of identity theft. The Iowa Attorney General's Office can be reached at:
Iowa Attorney General's Office, Director of Consumer Protection Division, 1305 E. Walnut Street, Des Moines, IA 50319, 1-515-281-5926, www.iowaattorneygeneral.gov

For Residents of Maryland

You may also obtain information about preventing and avoiding identity theft from the Maryland Office of the Attorney General:

Maryland Office of the Attorney General, Consumer Protection Division
200 St. Paul Place, Baltimore, MD 21202, 1-888-743-0023, www.oag.state.md.us

For Residents of New Mexico

New Mexico Consumers Have the Right to Obtain a Security Freeze or Submit a Declaration of Removal.

You may obtain a security freeze on your credit report to protect your privacy and ensure that credit is not granted in your name without your knowledge. You may submit a declaration of removal to remove information placed in your credit report as a result of being a victim of identity theft. You have a right to place a security freeze on your credit report or submit a declaration of removal pursuant to the Fair Credit Reporting and Identity Security Act.

The security freeze will prohibit a consumer reporting agency from releasing any information in your credit report without your express authorization or approval.

The security freeze is designed to prevent credit, loans and services from being approved in your name without your consent. When you place a security freeze on your credit report, you will be provided with a personal identification number, password or similar device to use if you choose to remove the freeze on your credit report or to temporarily authorize the release of your credit report to a specific party or parties or for a specific period of time after the freeze is in place. To remove the freeze or to provide authorization for the temporary release of your credit report, you must contact the consumer reporting agency and provide all of the following:

- (1) the unique personal identification number, password or similar device provided by the consumer reporting agency;
- (2) proper identification to verify your identity;
- (3) information regarding the third party or parties who are to receive the credit report or the period of time for which the credit report may be released to users of the credit report; and
- (4) payment of a fee, if applicable.

A consumer reporting agency that receives a request from a consumer to lift temporarily a freeze on a credit report shall comply with the request no later than 3 business days after receiving the request. As of September 1, 2008, a consumer reporting agency shall comply

with the request within 15 minutes of receiving the request by a secure electronic method or by telephone.

A security freeze does not apply in all circumstances, such as where you have an existing account relationship and a copy of your credit report is requested by your existing creditor or its agents for certain types of account review, collection, fraud control or similar activities; for use in setting or adjusting an insurance rate or claim or insurance underwriting; for certain governmental purposes; and for purposes of pre-screening as defined in the federal Fair Credit Reporting Act.

If you are actively seeking a new credit, loan, utility, telephone or insurance account, you should understand that the procedures involved in lifting a security freeze may slow your own applications for credit. You should plan ahead and lift a freeze, either completely if you are shopping around or specifically for a certain creditor, with enough advance notice before you apply for new credit for the lifting to take effect. You should contact a consumer reporting agency and request it to lift the freeze at least 3 business days before applying. As of September 1, 2008, if you contact a consumer reporting agency by a secure electronic method or by telephone, the consumer reporting agency should lift the freeze within 15 minutes. You have a right to bring a civil action against a consumer reporting agency that violates your rights under the Fair Credit Reporting and Identity Security Act".

¹The credit scores provided are based on the VantageScore® 3.0 model. For three-bureau VantageScore credit scores, data from Equifax®, Experian®, and TransUnion® are used respectively. Any one-bureau VantageScore uses Equifax data. Third parties use many different types of credit scores and are likely to use a different type of credit score to assess your creditworthiness.

²Credit monitoring from Experian and TransUnion will take several days to begin.

³WebScan searches for your Social Security Number, up to 5 passport numbers, up to 6 bank account numbers, up to 6 credit/debit card numbers, up to 6 email addresses, and up to 10 medical ID numbers. WebScan searches thousands of Internet sites where consumers' personal information is suspected of being bought and sold, and regularly adds new sites to the list of those it searches. However, the Internet addresses of these suspected Internet trading sites are not published and frequently change, so there is no guarantee that we are able to locate and search every possible Internet site where consumers' personal information is at risk of being traded.

⁴The Automatic Fraud Alert feature is made available to consumers by Equifax Information Services LLC and fulfilled on its behalf by Equifax Consumer Services LLC.

⁵Locking your Equifax credit report will prevent access to it by certain third parties. Locking your Equifax credit report will not prevent access to your credit report at any other credit reporting agency. Entities that may still have access to your Equifax credit report include: companies like Equifax Global Consumer Solutions, which provide you with access to your credit report or credit score, or monitor your credit report as part of a subscription or similar service; companies that provide you with a copy of your credit report or credit score, upon your request; federal, state and local government agencies and courts in certain circumstances; companies using the information in connection with the underwriting of insurance, or for employment, tenant or background screening purposes; companies that have a current account or relationship with you, and collection agencies acting on behalf of those whom you owe; companies that authenticate a consumer's identity for purposes other than granting credit, or for investigating or preventing actual or potential fraud; and companies that wish to make pre-approved offers of credit or insurance to you. To opt out of such pre-approved offers, visit www.optoutprescreen.com

⁶The Identity Theft Insurance benefit is underwritten and administered by American Bankers Insurance Company of Florida, an Assurant company, under group or blanket policies issued to Equifax, Inc., or its respective affiliates for the benefit of its Members.
