Plaintiff,

v.

Case No. CIV-20-499-G

 STATE OF OKLAHOMA ex rel. BOARD OF REGENTS OF THE UNIVERSITY OF OKLAHOMA; and other affiliated entities and individuals, Class Action

Jury Trial Demanded

Defendants.

COMPLAINT

Named Plaintiff Vivek Vijay (hereinafter "Plaintiff"), individually and on behalf of all others similarly situated, by his attorneys, alleges the following upon information and belief, except for those allegations pertaining to Plaintiff, which are based on personal knowledge.

NATURE OF THE ACTION

1. This class action is brought on behalf of Named Plaintiff Vivek Vijay and those similarly situated who paid tuition and fees for the Spring 2020 semester at The University of Oklahoma. As a result of Defendants response to the Novel Coronavirus Disease 2019 ("COVID-19") Plaintiffs did not receive the benefit and services for which they bargained for when they provided payment for tuition and various fees.

- 2. Plaintiffs and Defendants entered into a contract where Plaintiffs would provide payment in the form of tuition and fees and Defendants would provide in-person educational services, experiences, opportunities, and other related services.
- 3. On or around March 23, 2020, The University of Oklahoma canceled all in-person education and transitioned to complete online education, following Spring Break recess.
- 4. Based on these closures Defendants have failed to uphold their end of the contract to provide in-person educational services and other related collegiate experiences and services.
- 5. Despite Defendants' failure to provide the services and experiences as bargained for, Defendants have not offered any refund of the tuition and fees that Plaintiff and the Class had paid.

PARTIES

- 6. Plaintiff Vivek Vijay is a student and a resident of Norman, Oklahoma. Plaintiff was enrolled as a full-time graduate student at The University of Oklahoma during the Spring 2020 semester. Plaintiff graduated at the conclusion of the semester. Plaintiff has not received a refund of tuition and fees paid to Defendants, despite the fact that the University has been shut down since on or about March 12, 2020.
- 7. Defendant Board of Regents of The University of Oklahoma ("Board of Regents") is a constitutional entity that coordinates the board of control for the entire State of Oklahoma whose principal place of business is located in Norman, Oklahoma.

JURISDICTION AND VENUE

- 8. This Court has jurisdiction over the action pursuant to 28 U.S.C. § 1332(d) because at least one-third of the members of the Class, as defined below, reside in different states than Oklahoma, there are more than 100 members of the Class, and the aggregate amount in controversy exceeds \$5,000,000 exclusive of interest and costs.
- 9. This court has personal jurisdiction over Defendants because Defendants maintain their principal places of business in this District.
- 10. Venue is proper in this Court pursuant to 28 U.S.C. § 1391 because Defendants' operate their primary campus within this district.

FACTS

- 11. Plaintiff and Class Members are individuals that paid tuition and fees for the Spring Semester 2020 at The University of Oklahoma.
- 12. Defendants accepted Plaintiff's and Class Members' payments in exchange for educational services, experiences, and opportunities as detailed in Defendants' marketing, advertisements, and other public representations.
- 13. Based on the academic schedule, the Spring 2020 semester at The University of Oklahoma commenced on or around January 13, 2020, and was scheduled to conclude on or around May 8, 2020.
- 14. Plaintiff Vivek Vijay was a graduate student during the Spring 2020 semester. The University of Oklahoma charged plaintiff approximately \$10,621.20 in tuition during the Spring 2020 semester. Additionally, Plaintiff paid a total of

approximately \$16,017 inclusive of tuition and other various fees for the Spring 2020 semester.

- 15. Plaintiffs paid tuition and fees for in-person educational services, experiences, opportunities, and other related collegiate services for the entire period beginning in or around January 2020 through mid-May 2020.
- 16. According to publicly available information, the average tuition cost for an in-state resident for the Spring 2020 semester at The University of Oklahoma is approximately \$2,394.00. Students also pay approximately \$2,137.25 in related costs and fees, not including room and board. The average tuition cost for out-of-state residents for the Spring 2020 semester at The University of Oklahoma is approximately \$10,084.50. Students also pay approximately \$2,137.25 in related costs and fees, not including room and board. The average tuition and fee cost for a graduate student for the Spring 2020 semester is \$274.30 in tuition and \$72.55 \$610.80 in mandatory fees, which are calculated per credit hour.
- 17. On or around March 12, 2020, The University of Oklahoma announced that because of COVID-19 they would suspend all in-person classes for the remainder of the Spring Semester 2020 beginning on or around March 23, 2020 (following Spring Break recess) and that all learning would transition to online.
- 18. Defendants were unable to provide in-person educational experiences, services, and opportunities for approximately 45% of the Spring 2020 semester.
- 19. Prior to the suspension of in-person classes for the Spring 2020 semester, Plaintiff attended campus events and was involved in student activities and/or clubs.

Plaintiff has also served in leadership positions of various on-campus organizations and clubs.

- 20. As a result of Defendants' closure, Defendants have not complied with their obligation to provide in-person educational services along with other experiences, opportunities, and services Plaintiff and the Class paid for.
- 21. Plaintiff and the Class did not enter into an agreement with Defendants for online education, but rather sought to receive in-person education from Defendants' institution.
- 22. Therefore, Plaintiff and Class Members are entitled to a pro-rata refund of the tuition and fees they paid to Defendants for in-person educational services as well as other marketed collegiate experiences and services that were not provided.

CLASS ALLEGATIONS

- 23. Plaintiff brings this matter on behalf of himself and those similarly situated. As detailed in this Complaint, Defendants failed to provide the in-person education services the Plaintiffs paid tuition and fees to receive during the Spring Semester 2020.
 - 24. Plaintiffs were impacted by and damaged by this misconduct.
 - 25. Accordingly, this action is ideally situated for class-wide resolution.
- 26. The Class is defined as all individuals who paid tuition and fees to The University of Oklahoma to receive in-person educational services, experiences, and opportunities during the Spring Semester 2020. ("Class").

- 27. This case is properly brought and should be maintained as a class action under FRCP 23, satisfying the class action prerequisites of numerosity, commonality, typicality, and adequacy because:
- 28. <u>Numerosity</u>: Class Members are so numerous that joinder of all members is impracticable. Plaintiff believes that there are thousands of individuals who are Class Members described above who have been damaged by Defendants' breach of contract.
- 29. <u>Commonality</u>: The questions of law and fact common to the Class Members which predominate over any questions which may affect individual Class Members include, but are not limited to:
 - a. Whether Defendants accepted money from Plaintiff and Class Members in exchange for a promise to provide services;
 - b. Whether Defendants provided those services as bargained for;
 - c. Whether Plaintiff and the Class Members are entitled to a pro-rata portion of the tuition and fees paid for services that were not provided; and
 - d. Whether Defendants were unjustly enriched.
- 30. <u>Typicality</u>: Plaintiff's claims are typical of the claims of each Class Member in that every member of the Class was subject to Defendants' breach of contract and Defendant was unjust enriched by its conduct. Plaintiff is entitled to relief under the same causes of action as the other Class Members.
- 31. <u>Adequacy</u>: Plaintiff is an adequate Class representative because his interests do not conflict with the interests of the Class Members he seeks to represent; his claims are common to all members of the Class and he has a strong interest in vindicating his rights;

he has retained counsel competent and experienced in complex class action litigation and they intend to vigorously prosecute this action. Plaintiff has no interests which conflict with those of the Class. The Class Members' interests will be fairly and adequately protected by Plaintiff and his counsel. Defendants have acted in a manner generally applicable to the Class, making relief appropriate with respect to Plaintiff and the Class Members. The prosecution of separate actions by individual Class Members would create a risk of inconsistent and varying adjudications.

- 32. The case is properly brought and should be maintained as a class action under FRCP 23 because a class action is superior to traditional litigation of this controversy. Common issues of law and fact predominate over any other questions affecting only individual members of the Class. The Class issues fully predominate over any individual issue because no inquiry into individual conduct is necessary; all that is required is a narrow focus on Defendants' deceptive and misleading practices.
- 33. In addition, this class action is superior to other methods for fair and efficient adjudication of this controversy because, *inter alia*:
- 34. <u>Superiority</u>: A class action is superior to the other available methods for the fair and efficient adjudication of this controversy because:
 - a. The joinder of thousands of individual Class Members is impracticable, cumbersome, unduly burdensome, and a waste of judicial and/or litigation resources;
 - b. The individual claims of the Class Members may be relatively modest compared with the expense of litigating the claim, thereby making it impracticable, unduly burdensome, and expensive—if not totally impossible—to justify individual actions;

- c. When Defendants' liability has been adjudicated, all Class Members' claims can be determined by the Class and administered efficiently in a manner far less burdensome and expensive than if it were attempted through filing, discovery, and trial of all individual cases;
- d. This class action will promote orderly, efficient, expeditious, and appropriate adjudication and administration of Class claims;
- e. Plaintiff knows of no difficulty to be encountered in the management of this action that would preclude its maintenance as a class action;
- f. This class action will assure uniformity of decisions among Class Members;
- g. The Class is readily definable and prosecution of this action as a class action will eliminate the possibility of repetitious litigation;
- h. Class Members' interests in individually controlling the prosecution of separate actions are outweighed by their interest in efficient resolution by single class action; and
- i. It would be desirable to concentrate in this single venue the litigation of all plaintiffs who were induced by Defendants' deceptive and discriminatory consumer practices.
- 35. Accordingly, this case is properly brought and should be maintained as a class action under FRCP 23 because questions of law or fact common to Class Members predominate over any questions affecting only individual members, and because a class action is superior to other available methods for fairly and efficiently adjudicating this controversy.
- 36. Plaintiff and the Class can maintain this action as a class action under FRCP 23(b)(1), (2), and (3).

FIRST CAUSE OF ACTION BREACH OF CONTRACT

(On Behalf of Plaintiff and All Class Members)

- 37. Plaintiff, on behalf of himself and other members of the class, brings a common law claim for Breach of Contract.
- 38. By accepting payment, Defendants entered into contractual arrangements with Plaintiff and Class Members to provide educational services, experiences, opportunities, and related services for the Spring Semester 2020.
- 39. Plaintiff and Class Members' payment of tuition and fees were intended to cover in-person education, experiences, and services from January through May 2020.
- 40. Defendants received and retained the benefits without providing those benefits to Plaintiff and Class Members.
- 41. As a direct and proximate result of Defendants' breach of contract, Plaintiff and Class Members have been harmed by not receiving the educational experiences, opportunities, and services they paid for during the Spring Semester 2020.
- 42. Defendants are required to perform under the contract and COVID-19 does not excuse such performance. Therefore, Defendants should be required to return pro-rata shares of the tuition and fees paid by Plaintiff and Class Members that related to services that were not provided after The University of Oklahoma shut down on or around March 23, 2020.

SECOND CAUSE OF ACTION COMMON LAW UNJUST ENRICHMENT

(On Behalf of Plaintiff and All Class Members in the Alternative)

- 43. Plaintiff, on behalf of himself and other members of the class, brings a common law claim for unjust enrichment.
- 44. Plaintiff and Class Members conferred financial benefits and paid substantial tuition and fees to Defendants for educational and related services for the Spring Semester 2020. As bargained for, these tuition and fee payments were intended to cover in-person education throughout the entire Spring Semester 2020 of January through May 2020.
- 45. Defendants accepted the obligation to provide such services when they accepted payment.
- 46. Defendants retained these payments, despite Defendants failing to provide the bargained-for educational, experiences, and services for which the tuition and fees were collected to cover. Defendants should be required to return a pro-rata share of any Spring Semester 2020 tuition and fees related to services were not provided as bargained for since The University of Oklahoma shut down on or around March 23, 2020.
- 47. Under common law principles of unjust enrichment, it is inequitable for Defendants to retain the benefits conferred by Plaintiff's and Class Members' overpayments.
- 48. Plaintiff and Class Members seek disgorgement of all profits resulting from such overpayments and establishment of a constructive trust from which Plaintiff and Class Members may seek restitution.

DEMANDS FOR RELIEF

49. Plaintiff demands a trial by jury on all issues.

WHEREFORE, Plaintiff, on behalf of himself and the Class, prays for judgment as follows:

- (a) Declaring this action to be a proper class action and certifying Plaintiff as the representative of the Class under FRCP 23;
- (b) Awarding compensatory damages;
- (c) Awarding punitive and treble damages;
- (d) Awarding Plaintiff and Class Members their costs and expenses incurred in this action, including a reasonable allowance of attorney's fees for Plaintiff's attorneys and experts, and reimbursement of Plaintiff's expenses; and
- (f) Granting such other and further relief as the Court may deem just and proper.
